

BLU-RAY 3D DISC PLAYER

WITH NETWORK FUNCTIONS, FRONT USB AND SACD SUPPORT

Blu-ray 3D player plus.

The BDP-140 combines 3D playback with advanced networking features, superior audio performance, control with iPod/iPhone/iPad, and support for SACD. Enjoy your DVDs, too – the BDP-140 will upconvert DVD video to near HD-quality. From CD, USB and through LAN you can play popular compressed media formats such as MP3 and DivX Plus HD. Sound Retriever Link and Stream Smoother Link work together with the compressed audio/video enhancing features in our matching AV Receivers. Enhance your experience with access to network features such as BD-Live, watching YouTube, and playback from a PC or network media server (connected to the same LAN and featuring multimedia content server functionality, optional WiFi converter AS-WL300). You can also control the player with the Pioneer iControlAV2 app.

- Network Functions (DLNA / BD-Live / Picasa / YouTube™)
- Blu-ray 3D Playback
- HDMI control
- WiFi ready (via optional converter AS-WL300)
- 36-bit Deep Colour
- SACD Support
- iControlAV2 smartphone / tablet app Remote ready
- Quick Response
