

Product catalogue / Pricelist

Super Audio CD Test Disc products

Previously, this special range of test discs was offered by Philips Intellectual Property & Standards, in support of the Philips licensing program for Super Audio CD. These discs are no longer offered by Philips. Since April 2009, this range of test discs is independently available from OM&T (Test disc Division), Moser Baer in India.

Super Audio CD specifications continue to be available for order from Philips.

This product catalogue gives you a survey of these Super Audio CD products, which can be obtained from our office and how to order them.

Please do not hesitate to contact us if this document in combination with our Web site has not satisfactorily answered your questions!

Note:

For ordering please use the General Order form as available on our website.

Legendary:

The numerical part in the field "category" is an indication for the shipping costs.

The alphabetic suffix in the field "category" in this document indicates has the following:

- (A) No special documents to add
- (B) A completed Non Disclosure Agreement is needed (attached to the general orderform)
